

# VIBRATORY SERIES 2 POST DRIVER

Do not let the size of the Blue Diamond® Vibratory Series 2 Post Driver fool you! This unit packs more of a punch than most hammer-style drivers on the market. By using hydraulic orbital technology, this vibratory post driver uses your machine's auxiliary flow in the most efficient way.

## FEATURES INCLUDE

- Easy to transport and store
- Available with 4", 6", 9", 10", or 12" adapter
- Requires 7-26 GPM auxiliary flow
- Weighs 540 lbs.
- Optional tilt function
- Interchangeable mount
