

BRUSH CUTTER HEAVY DUTY

The Blue Diamond® Heavy Duty Brush Cutter is a high-performance cutter that is priced right for the customer who is not an everyday heavy commercial user. It mows very well in grass and cuts up to 3” diameter brush with ease!

The tapered back allows cut debris to roll out consistently and helps the cutter to float over stumps. The drive uses grease, which is more reliable than oil and requires less maintenance. The perimeter wire guard spools up wire where it can be accessed easily with wire cutters. If wire does manage to get by the perimeter wire guard, the secondary wire guard will stop it.

The heavily reinforced deck has many new features for added strength and easier cleaning. The deck is thicker and uses deck reinforcements above and below in high-stress areas. The addition of wear bars on the sides gives longer life when used in abrasive ground conditions.

FEATURES INCLUDE

- Available in 60” and 72” cutting widths
- Chain curtain minimizes discharge
- Perimeter wire/vine guard on blade carrier
- 3” diameter cutting capacity
- Dual external crossover relief valves
- 4000 Series geroler motor
- Dual-direction cutting
- 1 year warranty
