

TREE BOOM

STANDARD, HEAVY, & SEVERE DUTY

The Blue Diamond® Tree Boom is designed for setting new trees or moving cut trees. The 3,500, 5,000 or 6,000 lb capacity makes this attachment useful in many applications.

FEATURES INCLUDE

- 3,500 lbs. lifting capacity
- 72" Overall Length
- Extends reach 51" (beyond the top of quick attach)
- Made from heavy structural round tube
- 4.5" thick main tube
- Hole for chain or strap to mount

STANDARD DUTY

FEATURES INCLUDE

- 5,000 lbs. lifting capacity
- 75" overall length
- Extends reach 56" (beyond the top of quick attach)
- Safety steps for easy access
- Mount gussets for strength
- 4" Square x 3/8" thick main boom
- 1 additional chain hook point besides main hole
- 1" Hole for chain or clevis hook

HEAVY DUTY SERIES 2

FEATURES INCLUDE

- 6,000 lb lifting capacity
- 78" overall length
- Safety steps for easy access
- Reinforced mount for added strength
- Storage compartment for straps or chains
- Optional clevis with swivel hook
- 3 additional tie-off points for securing cargo
- 3/4" main hole for clevis

SEVERE DUTY
SHOWN WITH OPTIONAL SWIVEL
